

The Voice of the Private Sector in Tanzania

Dear CEOs and Directors,

Greetings from TPSF,

We are delighted to invite you to a special evening event on sustainable Water solutions in Tanzania. The event will be held **on 11th April, 2017 at Dar Es Salaam Serena Hotel starting from 06pm**. We believe that many of you are interested in learning more about the issues surrounding rural water and sanitation access, what kinds of actions by businesses or foundations are most effective in making a difference to the millions in need in Tanzania.

The Tanzania Private Sector Foundation (TPSF) has partnered with Water Aid and Ohio State University, who lead the Sustainable Village Water Systems Program for Tanzania, to bring you an evening of learning, share ideas and networking with international organizations and private sector and the following will be presented

- Current status of water access in Tanzania, challenges in getting reliable clean water
- Nexus of food, energy, water and health: how these issues are linked and why water is central to solving challenges in the other sphere
Introduction to Global Water Institute (GWI) model – village and regional concept
- Role of the GWI partners in implementing the project
- Opportunities for Private Sector through CSR activities

We hope you will be part of this event to make it a great success,
