Vision, Plans & Objectives
<p><i>What are your goals and objectives? What would you like to see happen / make happen? What is your vision?</i></p> <p>My goals and objectives as a board member of AmCham would be to contribute fresh and more current industry specific topics which are ideal for both foreign (US or otherwise) investors and local investors operating in Tanzania.</p> <p>I would also like to see AmCham actively and consistently engaging or interacting with Government bodies / institutions, so it would be my role to further this agenda as I have experience interacting with various Government offices and authorities. In my view, it is absolutely crucial (especially for foreign investors) that AmCham as a business group is able to communicate closely and seamlessly with local authorities on issues and matters that affect the industry in which AmCham members operate, and also AmCham ought to be able to freely represent its members' interests before the local authorities.</p> <p>Lastly, I will be a resourceful tool that the board and AmCham members may use for purposes of resolving and offering practical solutions to business or investment problems.</p>
